Confirming our order for _____ tons of _____

Conventional Asphalt at _____ tons per hour

starting at _____ Time

Terms of Quote Number above and on file credit agreement applies and is part of this agreement.

NOTE

After you place the plant on HOLD for one hour and no further communication has been received, the plant will automatically dose.

RAINY DAY POLICY

During rainy day forecast the Kelterite plant will plan to be closed. If a customer would like to take the risk that their project will be able to take material, then we must receive a call the morning of delivery confirming that the customer is able to accept material. Once the confirmation is received Kelterite will begin to make material. Please anticipate 1 to 2 hours for plant startup prior to your material being shipped. Customers acknowledge that asphalt material authorized to be shipped on rainy days will not be guaranteed.

This information is requested because "Section 3097 of California Civil Code requires the Preliminary 20-Day Notice be given to the owner, general contractor and construction lender, if any." Subdivision 3097 (h) provides that failure to give a preliminary notice "constitutes grounds for disciplinary action by the Registrar of Contractors." A 20 day notice is NOT a lien. It is given for the owner's benefit, to advise the owner that a lien can be filed if contractors and material suppliers are not paid.
